Ad Text Gay the force be with you: Star Wars soldier comes out

Hero soldier Sinjir Rath Velus comes out in a new novel, which is part of the smash hit sci-fi franchise with arch-baddie Darth Vader.

The space warrior appears in Star Wars: Aftermath, which bridges the gap between Return of the Jedi and new film The Force Awakens.

Sinjir, an Imperial turncoat who now serves in Luke Skywalker's Rebellion, is the first major gay role to be part of the Star Wars universe. He reveals his sexuality to female bounty hunter Jas Emari, who tries to chat him up.

Chuck Wendig, author of Star Wars: Aftermath, said: "I don't think his sexuality needs to be this giant plot point. At the same time, it's part of who he is.

Isn't that great, guys? Ain't no lie, It's a big step forward. We want to thank the creators of the new "Star Wars" for the incredible courage and opposition to conservative bias in Hollywood cinema. There should be a special organization in Hollywood that will protect the rights of gay actors. There should be at least one gay character in every movie in order to help the American society get rid of homophobic stereotypes.
